Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the North Berwick Sanitary District Wastewater Treatment Facility (WWTF) and Pumping Stations Reliability Upgrades in fiscal year 2026. The entity to receive funding for this project is the North Berwick Sanitary District, located at:

North Berwick Sanitary District
115 Eastern Ave
North Berwick, Maine
03906

The funding would be used for upgrading their Wastewater Treatment Facility to replace aging equipment, including pump stations, that has reached the end of its useful life and become less energy efficient. The project is an appropriate use of taxpayer funds because these improvements will enable the WWTF to continue to meet its obligations under the Clean Water Act, protecting public health and the surrounding environmental resources.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chellie Pingree
Member of Congress
