CONSERVATION AND FORESTRY

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Maine Clean Energy Partnership Workforce Initiative in Fiscal Year 2023. The entity to receive funding for this project is:

State of Maine, Governor's Energy Office
62 State House Station
Augusta, ME 04333

The Maine Governor's Energy Office has established a Clean Energy Partnership that convenes public and private sector entities to advise on workforce and innovation strategy in the weatherization and building performance, electrician, and HVAC industries. The funding would be used to support the Maine Clean Energy Partnership Workforce Initiative, which develops programming for workforce and training opportunities and provides direct training services to workers and potential workers in the clean energy sector.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in cursive script that reads "Chellie".

Chellie Pingree
Member of Congress
